2020-21 PILOT SCHOOL FEEDBACK

"It was a significant advantage for our students to have had Jumpstart Test Prep at their disposal. I told them every day that they didn't realize how lucky they were to be provided with this tutorial review program. Jumpstart is an important key to student success on this important exam."

Aaron King, Teacher
Brookhaven High School

"I really liked that Jumpstart covered all the skills that are on the ACT® English section because for me to review all those things in class is impossible. There are too many standards for me to go over that they learn at the lower grade level, yet they needed the review. It's one of the most successful ways for our students to review for their ACT and it proved to be a win"

Jamie Sproles, Teacher
Petal High School

"I think the JumpStart program is absolutely amazing for the students! It gives valid reviews and quick results for the students to see where they are exceling or where they need more work. Awesome program!"

Kimberly Raulerson, Teacher
West Lauderdale High School

"I'm gonna be honest, Mrs. Johnson. I've learned more in the last 2 days than I have in the last 12 years!"

“I want all of our students to reach their full potential, and the ACT holds the key to many opportunities for our children who struggle financially. Providing students with the skills they need, especially a review right before the test, is invaluable. I know my students appreciate the opportunity to take part in this pilot.”

2020-21 PILOT SCHOOL FEEDBACK

"It helped out a lot. I wasn't really good at English but Jumpstart made it seem a lot easier and helped me improve. I wasn't as stressed - I knew how to time myself. Jumpstart was most beneficial because it reviewed things I hadn't seen in a while and didn't go over as much."

Sam, Student
Petal High School

"I absolutely loved the Jumpstart program for our juniors because it went back to things they hadn't seen in quite some time. I feel that the different presenters and the review from years ago is what really made the difference on their ACT® English scores."
